

The Medical Psychology Center

Beverly, MA

The Medical Psychology Center (MPC) is seeking a licensed clinician to provide Biofeedback, Neurofeedback, and/or psychotherapy services within an established program. The successful candidate should be comfortable working with others on a team as well as helping to grow the program through marketing and outreach efforts. This is a full-time or part-time, fee-for-service position with paid sick days, one month unpaid vacation, and competitive compensation with significant opportunity for growth. Preference will be given to those applicants who are BCIA certified or who would be willing to complete certification within 6 months. All equipment will be provided and maintained by MPC.

Established in 1996, the Medical Psychology Center is an interdisciplinary mental health private practice located in the desirable North Shore of Boston, Massachusetts. Our referral base includes over 300 physicians, schools, and hospitals, and our clinicians provide psychological care to individuals across the lifespan. We place equal focus on patient care and the wellbeing and professional growth of our clinicians.

Job Type: Full-time

Required education:

- Doctorate preferred
- Masters Required

Required experience:

- Biofeedback: 1 year
