

Position: Neurofeedback clinician/technician

PSYCHē, PLLC is a boutique private psychology practice located in the exclusive Gulch area of Nashville, Tennessee.

Our therapists work with adults, adolescents, children, families, and couples using a variety of psychotherapy models including Dialectical Behavior Therapy (DBT), Cognitive Behavioral Therapy (CBT), Mentalization Based Therapy (MBT), and others. We are **currently seeking a BCIA certified individual** with experience in qEEG and Neurofeedback. Experience should relate to mental health issues as the clinician will work with our team to assist patients experiencing symptoms of depression, attention issues, anger, sleep disorders, and anxiety. Mental health licensure is preferred, but not required.

Compensation will be determined according to level of experience, education, licensing and training.

Send resumes to Aaron at: aaronatwood@psychepllc.com and visit our website www.psychepllc.com for more information about our practice
