

Position Available for a Neurofeedback Practitioner Carolinas Biofeedback Clinic, LLC

Charlotte, North Carolina
Office Phone/Fax: (888) 317-5605

Carolinas Biofeedback Clinic is the one of the fastest growing and most comprehensive private biofeedback centers in the country. We are seeking to add a full-time Neurofeedback practitioner to our exceptional team of clinicians. If you are interested in working in a thriving business founded on integrity along side a vibrant team of experts with a heart for helping people, this could be the place for you!

Our clinic offers:

- A unique team approach to client care;
- Premiere, state-of-of-the-art facilities and equipment;
- A wide variety of complex cases and clientele from age 7-77;
- An array of science-based therapeutic approaches, including, Othmer Method Neurofeedback, Advanced qEEG Brain Mapping, 5 modalities of peripheral Biofeedback (HRV, EMG, Thermal, Respiratory, GSR), Alpha-Stim Micro-current Electrotherapy, and The Listening Program.

Certification in Othmer Method Neurofeedback is required but can be completed within the first year. Preference will be given to those applicants who are BCIA certified or those in pursuit of board certification within a 6-month time frame. Applicants should have a background in mental health or health-related fields of specialty at the Masters level or above. Compensation is commensurate with credentials, experience, and client caseload. Mentoring is available for individuals who will complete certification post-hiring.
