

BCIA Job Posting

Seeking Part-time Neurofeedback/Biofeedback Technicians in Midtown Atlanta

At Brain and Body Solutions, we provide integrated neurotherapies, functional medicine, health coaching and chiropractic care. Our vision is to restore the mind-body connection by making the nervous system whole again through both attending to the body and the mind.

JOB DESCRIPTION

You will work with clients struggling with mental health issues such as anxiety, depression, OCD, sleep issues, addictions, posttraumatic stress disorder, various dissociative disorders, eating disorders, neurodevelopmental disorders (ADHD, autism, language and learning disorders) and traumatic brain injury (concussions, stroke, seizures). Furthermore, you will work with athletes, executives and student who are striving to improve and optimize brain function.

You will be establishing rapport and directly interacting with different age groups (5-90 years of age), genders, sexual orientation, and religious backgrounds from the moment the client walks in until she/he is set up with the recommended protocols in neurofeedback, biofeedback, PEMF, and alpha stimulation microcurrent therapy. You will be responsible for conducting neurofeedback sessions.

You will report directly to the clinical director through detailed and written clinical reports; these reports encompass session-to-session written tracking of the client's progress.

You will oversee biofeedback/ neurofeedback and microcurrent equipment as well as ensuring that adequate supplies are present.

You will help scheduling clients if needed. There is full time front desk support to schedule and receive payment, but a basic understanding of the online scheduling system is required.

EDUCATION

You have a minimum of a bachelor's degree in any of social work, psychology, neuroscience, counseling, kinesiology, or a mental-health related field.

You have a basic understanding of neuroanatomy and neurophysiology, neurofeedback and biofeedback and you are willing (Continuing education will be required) to learn new material as it is presented.

BCIA Tech certification is preferred, but experience working in an office may suffice if willing to complete certification. You do not need to be a BCN, just a technician.

We are not prepared to train someone with zero experience.

PERSONAL QUALITIES/EXPERIENCES

- Calm, patient, kind, outgoing, respectful of confidentiality, able to respect client-therapist boundaries
- passion for natural health, brain health, helping others
- outstanding communication skills
- able to provide detailed written documentation (Client progress note, session reports etc.)

- computer-literate (Windows 10, office) and enjoy learning new software.
- team player and you are aware of your limitations and you are unafraid to ask for help/second opinion
- self-driven and continuously desire personal and professional growth

Preference will be given to applicants with experience in any of the following:

Mental health counselling/therapies; Athletic/personal training and Kinesiology; Concussion counseling; Massage/physical therapy; Life coaching/Occupational therapy; Nursing

Applicants with their BCN/BCIA certification and/or a Masters level or above will be considered highly.

COMPENSATION

\$15-\$20 hourly commensurate with credentials and experience.

Mentoring is available for individuals who will complete certification post-hiring.

All applicants will be subject to a full background check including a criminal record check (given that we work with vulnerable client population.)

Please send your resume with a cover letter to Dr. Stephanie Rimka c/o info@brainandbodysolutions.com, via fax to 404.745.9230, or via mail to Brain and Body Solutions, 675 Seminole Ave, Ste T-05, Atlanta GA 30307.
